Green Onion Slicer Plus

Slice all sorts of produce quickly and efficiently—
without losing an inch of counterspace!

Buy once. Buy the original.
Always look for this mark of quality

A Cut Above

If you're wanting a kitchen tool for fast, easy-action slicing of various fruits and veggies, but you can't see any available counterspace, look up a little higher. The wall-mounted Green Onion Slicer Plus offers a hero solution.

Much Obligated

The Green Onion Slicer Plus takes "user friendly" to another level—combining super-easy operation with a model design that is, literally, off the wall.

- Integrates seamlessly into any food-prep workstation, because it's conveniently out of the way, yet perfectly within reach.
- Engineered for a smooth, ergonomic motion—lay the food item in the blade cradle and bring down the push-block handle. It's that simple.
- Razor-sharp blades make quick work of your slicing task, and they're individually replaceable.

Compact & Tough

No-nonsense construction means lasting performance.

- All cast aluminum and stainless steel for exceptional durability.
- Built with a compact, minimal-component frame, with no over-engineering.
- Disassembly for cleaning or blade replacement takes nothing more than the turn of a few screws.

Suggested Uses

Purposely designed for green onions, this tool also yields uniform 3/16" slices of everything from mushrooms, peeled cucumbers, olives and green peppers, to bananas, strawberries and more.

General Specifications

Model	Description
55250A	3/16" Slice

Optional Accessories

55225-6	Replacement Blade (set of 6)
---------	------------------------------

Shipping Weight	9 lbs

Replacement parts are available through Nemco's 24-hour Zip Program.

Nemco reserves the right to make design, specification or model changes without notice.

Cast-aluminum and stainless-steel body is lightweight, but extremely durable

Super-sharp, stainless-steel blade set leaves no slicing doubt

Blade-cradle design properly receives and stabilizes food for consistent slicing, even in a high-speed situation

Extended legs conveniently hold an 1/3-size pan. Freshly sliced product falls right in

Ergonomic handle and downward motion make rapid-fire slicing effortless

Wall-mount bracket keeps the unit up off the counter, but extremely handy
