

# 24" DEEP BACK BAR & DIRECT DRAW **KEG REFRIGERATOR**

Model #:\_

Project Location:\_

\_\_ Quantity: \_\_\_\_

Available Warehouse:\_

#### **EBD Series** Model: EBD2-BB-24

### Refrigeration System

Side mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

- Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.
- Full-length air duct system ensures optimal circulation of cold air.
- · Time-initiated and temperature-terminated auto defrost cycle for seamless operation.
- · Large capacity, corrosion-resistant condenser and evaporator coils.

Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning. Refer to owner's manual for full maintenance instructions.
Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

#### **Cabinet Construction**

· Heavy duty stainless steel countertop and rails with textured laminate, black vinyl exterior.

- · Open spaced interior with no walls between compartments.
- · Galvanized steel interior walls and high quality stainless steel floor.

Exterior T-shaped drain port routes excess moisture from the top tray. Drain hose not included. Floor drain required.

- 1 3/4" thick high density polyurethane insulation.
- Four pre-installed 5" swivel casters with locks on front set.
- Built-in caster thread receptacles for all models.

#### Lighting

· Shielded LED bar lighting with on/off switch provides bright, high color illumination at lower heat output.

#### Doors

- · Textured laminate, black vinyl exterior with galvanized steel interior.
- 1 3/4" thick high density polyurethane insulation.
- Snap-in magnetic door gasket make cleaning and replacement an easy process.
- · High strength, recessed door handles.
- Pre-installed door locks keep your items safe from theft.

#### Draft Arms

• One single faucet and one dual faucet 3" diameter, stainless steel draft arms with matching air distributors. Fully insulated and NSF certified.

#### Shelving

- Two epoxy coated, steel wire shelves.
- · Height adjustable stainless steel clips.

### **Temperature Control**

- · Multi-function digital controller with easy to read LED display.
- Factory preset temperature, 35°F.
- Temperature setting range from 33°F to 54°F.
- Audible overheat protection alarm for compressor and condenser coil.

#### Options

- · Dual or triple faucet draft arms and matching air distributors.
- 3" or 5" swivel casters with locks.
- · 3.5" 6" height-adjustable and interchangeable legs.

Compresso

Parts & Labo

**Operating temperature** range is 33°F ~ 54°F
