

# MJ575 Wheatgrass Juicer

## Specs

Power supply: 110 V AC 60 Hz

Power input under load: 75W

Geared down to produce a torque of 183 lbs/cm

Rated speed: 53 rpm

**Insulation class: E**

Radio interference level: Undetectable

Weight : 20.25 lbs

The MJ575 is a fantastic commercial grade electric juicer for wheatgrass and other leafy greens. It's great for the discriminating juice enthusiast as well as for use in juice bars. Its body and juicing parts are all stainless steel for strength and purity.

Its unique, new auger design ensures maximum juice yield with the driest waste pulp. It features an ultra -quiet, low rpm motor with unique forward and reverse action so the grass that may become tangled and clogged is instantly untwisted and pulled into the juicer without the user having to reach into the mechanism.

## Easy to Operate, Easy to Clean!

New Design Stainless Steel Auger
