

Domino Rectangle Induction Wood Platform is SMART!

1A19406TDR ●

This component allows you to convert the Domino rectangle base into an induction platform. Perfect for our Smart induction chafer, paella pans or any induction style pots or pans. We've installed magnets that will hold an induction vessel in place. No more sliding pans or chafers on induction.

Low profile & a clean contemporary look. Just one more Smart adaptation of the Domino System.

Platform ONLY. Heater & Stand SOLD SEPARATELY.

NOTE: This can be purchased as a set to include the wood platform, induction warmer & the stand. **The complete set is sold as 1AIW19406SET.**

Specifications

Carton quantity	1
Dimensions (L x W x H)	24" x 13.75" x 1"
Weight	10 lbs.

Features

- Cost Effective — Saves over \$5500.00 during product's lifetime.
- Easy to use — Snaps to the bottom of chafer with magnets. No tools required.
- Efficient — Uses 66.29% less energy than most competitors. Holds temperature at 200 watts with Smart Chafers.
- Electric Heat — Holds an even, constant heat.
- Fast — Brings Smart Chafer to temperature in 10 minutes at 400 watts; 20 minutes at 300 watts.
- Low Wattage — 200 Watts, 1.82 Amps = 10 Smart Chafers
- Safe — No flames, no fumes, no smell.
- Ventilation — Minimal requirements for ventilation.
